

## Launched to critical acclaim!

FEMINI is all about smart and fashionable clothes for day to day occasions. With FEMINI you will discover how beautiful, stylish and sensual you are.

From an early age we wanted to live our lives in the world of fashion. That is why in 2001 we launched FEMINI and now we are recognized as the most creative label on the Polish market.

Our clothes have already appeared in, Elle, Marie Claire, Cosmopolitan.... We created two lines:

**Special Design by FEMINI** – built on dressing some of the most famous polish celebrities by supreme attention to detail, and personal touches that evoke chic individuality.

**FEMINI** - ready-wear collection includes : little jackets, fitted coats, dresses, wrap skirts and corseted eveningwear and wedding gowns, trousers paired with softly gathered and draped tops for sophisticated women all over the world.

We are very dynamic on the polish market. So far we own one boutique and work with several others. We are looking for ways to expand to the international market. Please feel free to contact us with any questions you may have.

Designer profile: Monika Pietrzak-Szlek and Kasia Wilk

Monika and Kasia began climbing the fashion ladder early, working with every available material found in the late polish 80's. We both opened, at nearly the same time, boutiques with our own designs in Cracow. We were 22 years old without any real knowledge of business and rules of sewing. The first few years were thought, but we gained a lot of experience. During our first meeting we realized that we shared a similar design enthusiasm: "To give individuality to each piece of design".

We merged in 2001 to form FEMINI to create ultra-feminine designs finding inspiration in everything...

Never compromising on materials and tailoring we want to create designs that are full of feminine charm. The fabrics, textures and cuts have a womanly effect that has caught the attention of Polish celebrities.
